

## Immediate STAGE 4 WATER RESTRICTIONS

Residents of Ashcroft, due to flying ash from the Lytton fire and wind conditions the Village is moving to STAGE 4 WATER RESTRICTIONS are effective immediately. This is a precautionary measure to conserve water for structure protection if needed.

Stage 4 means:

- \* No irrigation/sprinklers or underground irrigation - please stop all unnecessary water uses.
- \* No watering
- \* Restrict household water uses when possible. such as no laundry, short showers.... limit your use as much as possible.

The restriction is at the request of the Fire Department. Village staff are shutting off our irrigation.

Please do your part and help us with our preparedness plan.

Keep in mind this is a precautionary measure only.

Thank you for your cooperation!
