**Village of Ashcroft
2024-2028 Financial Plan
Statement of Objectives and Policies
Schedule 'B' of Bylaw No. 867**

In accordance with Section 165(3.1) of the *Community Charter*, the Village of Ashcroft (Town) is required to include in the Five Year Financial Plan, objectives and policies regarding each of the following:

1. The proportion of total revenue that comes from each of the funding sources described in Section 165(7) of the *Community Charter*,
2. The distribution of property taxes among the property classes, and
3. The use of permissive tax exemptions.

Funding Sources

Table 1 shows the proportion of total revenue proposed to be raised from each funding source in 2024. Property taxes form the greatest proportion of revenue. As a revenue source, property taxation offers a number of advantages, for example, it is simple to administer and it is fairly easy for residents to understand. It offers a stable and reliable source of revenue for services that are difficult to fund on a user-pay basis. These include services such as general administration, fire protection, police services, bylaw enforcement and street lighting.

User fees and charges form the second largest portion of planned revenue. Many services can be measured and charged on a user basis. Services where fees and charges can be easily administered include water and sewer usage, building permits, business licenses, and sale of services – these are charged on a user pay basis. User fees attempt to apportion the value of a service to those who use the service.

Objective

- Over the next five years, the Village of Ashcroft will balance the proportion of revenue that is received from user fees and charges with the projected funds operations require.

Policies

- The Village will review all user fee levels to ensure they are adequately meeting both the capital and delivery costs of the service.
- Where possible, the Village will endeavor to supplement revenues from user fees and charges, rather than taxation, to lessen the burden on its limited property tax base.

Table 1: Sources of Revenue

Revenue Sources	% of Total Revenue	Dollar Value
Property Taxes *	29%	\$ 1,736,690
Parcel Taxes	3%	\$ 166,000
Sales of Service	22%	\$ 1,311,800
Grants/Transfers	42%	\$ 2,459,167
Borrowing Proceeds	0%	\$ -
Other Sources	4%	\$ 234,432
Total	100%	\$ 5,908,089

* contains \$251,719 Capital Replacement Reserve funds

Distribution of Property Tax Rates

Table 2 outlines the distribution of property taxes among the property classes. The residential property class provides the largest proportion of property tax revenue. This is appropriate as this class also forms the largest portion of the assessment base and consumes the majority of Town services.

Objectives

- Maintain the property tax rate as low as possible while still providing for future needs.

Policies

- Continue to maintain and encourage economic development initiatives designed to attract more retail and commercial businesses to invest in the community. New investment from these areas will help offset tax increases while providing more revenue for the Village.
- Align the distribution of tax rates among the property classes with the social and economic goals of the community, particularly to encourage a range of employment opportunities.
- Regularly review and compare the Village of Ashcroft’s tax burden relative to other municipalities in British Columbia.

Table 2: Distribution of Property Tax Rates

Property Class	% of Total Property Taxation	Dollar Value
Residential (1)	50%	\$ 867,776
Utilities (2)	9%	\$ 157,397
Light Industrial (5)	16%	\$ 270,301
Business and Other (6)*	24%	\$ 422,168
Recreation/Non-profit (8)	0%	\$ 723
Farmland (9)	1%	\$ 18,325
Total	100%	\$ 1,736,690

Permissive Tax Exemptions

- The Annual Municipal Report for 2023 contains a list of permissive exemptions granted for the taxation year and the amount of revenue foregone. The list demonstrates the policy of council that permissive exemptions are granted to not-for-profit institutions that form a valuable part of our community. These include religious institutions and some recreational facilities and service organizations.

Objective

- To ensure permissive tax exemptions are utilized to maximize the benefit to the municipality and citizens.

Policy

- To maintain permissive exemptions for religious institutions, recreational facilities, and service organizations.

Capital Asset Reserve

- In 2011 the Village recognized the need to accumulate funds to pay for future replacement of infrastructure. Accordingly, a separate tax was established and funds collected are accounted for separately from general municipal taxes.

Objective

- To establish a reserve to fund future infrastructure replacement.

Policy

- To supplement revenues from government grants wherever possible to lessen the amount of funds utilized from the reserve fund.
- To seek out projects which will reduce the operating costs of the Village enabling them to repay funds back into the reserve over time.

THE CORPORATION OF THE VILLAGE OF ASHCROFT

BYLAW NO. 868

Being a bylaw for the levying of rates for municipal, hospital, and regional district purposes for the year 2023.

The Council of the Corporation of the Village of Ashcroft, in open meeting assembled, enacts as follows:

- 1. The following rates are hereby imposed and levied for the year 2024:
 - a. For all lawful general purposes of the municipality on the assessed value of land and improvements taxable for general and municipal purposes, rates appearing in column "A" of the schedule attached hereto and forming a part hereof.

TO: Mayor and Council
FROM: Daniela Dyck, CAO
SUBJECT: Fees and Charges Bylaw No. 869, 2024

MEETING DATE: April 22, 2024

RECOMMENDATION:

THAT, Village of Ashcroft Fees and Charges Bylaw No. 869, 2024 be introduced and read a first time by title only;

THAT, Village of Ashcroft Fees and Charges Bylaw No. 869, 2024 be read a second time;

THAT, Village of Ashcroft Fees and Charges Bylaw No. 869, 2024 be read a third time.

PURPOSE:

Request approval of Bylaw No. 869, 2024 to align fees and charges for cemetery services and development services closer to the actual costs.

Respectfully Submitted by:

Daniela Dyck,
Chief Administrative Officer

BACKGROUND:

The Fees and Charges Bylaw undergoes periodic updates or amendments to ensure that the fees levied align with the costs incurred by the Village.

DISCUSSION:

Administration recommends adopting a new Fees and Charges Bylaw instead of amending it to streamline costs passed on to consumers by the village. Recently, in light of inflation, it was observed that our cemetery fees no longer cover the costs of supplies or services. Consequently, staff has scrutinized all expenses and proposes an updated fee schedule, "H." Our aim is never to profit from services rendered; however, purchasers should cover costs for merchandise. Fees for services like grave site preparation may have some flexibility depending on conditions and equipment requirements.

Additionally, schedule "L", fees for Development and Subdivision are also slated for an increase. Presently, the fees collected fail to cover the time of the Approving Officer, necessary legal reviews, support from the TNRD Planning Department, or required advertising. The proposed fees aim for cost recovery rather than profit margins.

CONCLUSION:

In conclusion, the proposed adoption of a new Fees and Charges Bylaw reflects a proactive approach to addressing the evolving financial landscape, ensuring that costs incurred by the village are appropriately streamlined for consumers. By revising fee schedules for cemetery services and development activities, we aim to maintain financial sustainability while upholding our commitment to transparent and equitable cost recovery practices. This forward-thinking strategy aligns with our dedication to responsible fiscal management and providing essential services to our community.

Village of Ashcroft Fees and Charges Bylaw No. 869, 2024

THE CORPORATION OF THE VILLAGE OF ASHCROFT

FEES AND CHARGES BYLAW NO. 869, 2024

A bylaw for the charging of rates for goods and services in the Village of Ashcroft

WHEREAS the Council of the Village of Ashcroft wishes to charge fees in accordance with Section 194 of the *Community Charter*; a Council may impose fees with respect to all or part of a service of the municipality, the use of municipal property, or the exercise of authority to regulate, prohibit or impose requirements;

- (1) **NOW THEREFORE** the Council of the Village of Ashcroft, in open meeting assembled, enacts as follows:
- (2) This Bylaw may be cited as “Village of Ashcroft Fees and Charges Bylaw No. 869, 2024”.
- (3) The Village of Ashcroft Fees and Charges Bylaw No. 869, 2024 shall impose the fees and charges as specified in the Schedules “A” through “M” and forming part of this Bylaw;

Schedule “A” Administration and Miscellaneous Fees

TO: Mayor and Council

MEETING DATE: April 22, 2024

FROM: Daniela Dyck, CAO

SUBJECT: Communities in Bloom – Update 2024 Season

RECOMMENDATION:

THAT, the Village of Ashcroft make a request to the Ashcroft Communities in Bloom Society to return the balance of funds remaining in the CiB account to the Village at the end of the 2024 season;

Alternate:

THAT, the Village of Ashcroft supports the Communities in Blooms ongoing efforts for 2025 and onward to plant the flower beds at the Old Fire Hall until the remaining funds are spent with a caveat that an annual expense report be submitted to the Village.

PURPOSE:

Provide Council with an update in regards to the Ashcroft Communities' in Bloom Society and the upcoming planting season.

Respectfully Submitted by:

Daniela Dyck,
Chief Administrative Officer

BACKGROUND:

In the past, the Ashcroft Communities' in Bloom Society (CiB) has received an unconditional grant in aid from the Village, with a maximum amount of \$5000. This grant supports their programs aimed at beautifying the community, which includes tasks such as preparing and planting planters throughout the community.

DISCUSSION:

I recently had a discussion with the Chair of CiB Andrea Walker, who informed me that CiB, for practical purposes, is no longer functioning as an active organization. However, Ms. Walker has assured us that for the upcoming 2024 planting season, volunteers have been coordinated to carry out the usual planting and beautification efforts.

Flowers have already been ordered, and there are sufficient funds in the CiB account, eliminating the need for a grant in aid.

Looking ahead to 2025, the Village will take on the responsibility of planting all planters on village property, except for the planter at the Old Fire Hall. Ms. Walker has lovingly tended to this planter for many years and wishes to continue doing so, at least for the time being. However, it's important to note that business owners with planters will be informed that 2024 marks the final year of CiB's free planting services. Going forward, they will need to assume responsibility for their own planters.

Ms. Walker proposed that in 2025, the situation be monitored, and if business owners fail to plant their own planters, consideration should be given to either selling or relocating them.

Lastly, there's the matter of the remaining funds in the CiB account. Historically, the Village has been the primary contributor to this account, with CiB providing financial statements, budgets, and year-end reports. Now that the committee is inactive, the question arises: should these funds remain in the CiB account for future projects such as Ms. Walker's planting of the Old Fire Hall flower beds, or should they be returned to the Village, and Ms. Walker provided with a budget for the planters?

CONCLUSION:

In conclusion, as we move forward, the Village must adapt to the changes brought about by the inactive status of the Ashcroft Communities' in Bloom Society. Taking on the responsibility of planting village property planters signals a new phase in community beautification. Business owners are urged to assume responsibility for their planters. The fate of remaining CiB funds requires careful consideration for future projects. By working together, we can ensure Ashcroft's continued beauty and vibrancy.

FROM: Margaret Moreira, Economic Development & Tourism Coordinator
SUBJECT: Rebranding Initiative

RECOMMENDATION

THAT Council tasks the Economic Development & Tourism Working Group to execute the Branding exercise outlined in the 2024-2026 Strategic Plan for the Village of Ashcroft.

Purpose

To seek Councils approval for the Economic Development & Tourism Working Group to commence the Branding exercise identified by Council as a strategic priority.

Prepared by:

Margaret Moreira,
Economic Development & Tourism Coordinator,

Approved for submission to Council:

Daniela Dyck,
Chief Administrative Officer

Discussion

The Economic Development & Tourism Working Group is eager to spearhead the Branding exercise outlined in the 2024 – 2026 Strategic Plan. This strategic priority aligns closely with our ongoing and proposed initiatives. In addition, the timing of the branding exercise is crucial, as it directly impacts our ability to move certain projects forward. Notably, we have engaged the services of the graphic designer responsible for the Experience Ashcroft Pocket Guide and the new Art/History Walking Tour, this designer is currently working on the website upgrade. Given our established rapport with this designer, transitioning to the branding exercise would be seamless and cost effective.

Being mindful of Council's directive to prioritize extensive community engagement throughout the branding process, the working group is committed to placing community input at the forefront. This emphasis on gathering input from Ashcroft residents will be pivotal in ensuring that the resulting brand truly represents Ashcroft's unique identity. By actively involving the community in this way, we anticipate fostering a strong sense of support and ownership for the project and developed brand among residents, Council and staff, ultimately enhancing the brands success and impact within the community.

Mayor and Council,
Village of Ashcroft

Dear Mayor and Council,

We are concerned that the mural in Heritage Park gifted to the Village of Ashcroft by our sister city, Bifuka, Japan is in a state of disrepair. In the early days of our sister city agreement, which was signed in 1994, there were a number of exchange visits by councils and students from Bifuka and Ashcroft as well as the school for Japanese students set up by Aki Kanamaru in 1996 at our local high school.

Our mural came as a response to the earlier mural that was painted in Bifuka by Jo Petty and Royden Josephson and a group of Ashcroft High School students in 1997. Our mural, painted in 2000 depicts an important heritage site close to Bifuka and was painted by artists Kazuhiko Nagaki and Mrs. Hiroko Tosaka and a number of Bifuka and Ashcroft high school students.

During the summer of 2013, Mr. Nagaki returned to Ashcroft to touch up the mural and planned to visit again in 2020 to make sure it was holding up well, but Covid prevented him doing so. Also, over time the material given to paint the mural in Bifuka broke down and Royden Josephson and Jo Petty returned there in 2015 to paint a new Ashcroft mural. Sadly, Mr. Nagaki became ill and later died in 2022 before he was able to return to Ashcroft.

In order to properly honour the City of Bifuka's gift to us we need to inform Bifuka City that repairs are needed on our mural. We need to include suggestions of what we can do to repair it and to ask them for suggestions for coming to a plan of action for the repair. We look forward to discussing with Council about how Ashcroft can assist with the repair of the mural.

Yours truly,

Bobby Mishiguchi

Thank you for submitting a Stage 1 grant application to the Real Estate Foundation of BC. **We are pleased to invite a Stage 2 grant application from Bonaparte Watershed Stewardship Society for your project Cache Creek and Bonaparte Watersheds Restoration and Stewardship Initiative for up to \$150,000.00 over 24 months.**

Our reference number for this project is application # **2024-172**; please quote this in all future correspondence.

The Stage 2 application is due by 5:00pm on Wednesday, April 24th. Your application will be presented for a funding decision by the end of June.

The Stage 2 process is an opportunity to provide more detailed information on your proposal. A [Word template of the Stage 2 Application Form](#) is available for you to preview and draft responses to copy/paste into the online form.

You will be asked to:

1. **Provide a project budget**, (template [here](#)) identifying all sources of revenue for the project (confirmed and pending) and outlining your high level expenditures and where you propose to allocate REFBC funds.
2. **Articulate key project deliverables** (products, processes, activities, major tasks or milestones in your project plan).
3. **Reflect on how your project may advance the principles of UNDRIP** (the United Nations Declaration on the Rights of Indigenous Peoples).

You will also have the opportunity to **submit any supplementary documents or files** you feel strengthen your application. Letters of Support from partners or others in the community are not mandatory, but if you wish to submit these, they can be copies of emails, or letters addressed to other funders.

Hedy Rubin, Grants Program Manager (hedy@refbc.ca | (604) 343-2630 or 1-866-912-6800 ext 102), will be managing your file and will be in touch if there is any specific feedback from the review committee that you may wish to incorporate in your Stage 2 submission.

Please reply all to confirm as soon as possible if you are keen to pursue a Stage 2 application.

Dear Mayor Barbara Roden:

On April 5, 2024, I introduced new legislation, Bill 16, intended to support local governments in their efforts to build more affordable and liveable communities. The proposed legislation strengthens the shift towards pro-active zoning by providing local governments with new authorities to secure affordable housing units and site-level infrastructure in new developments and to enable municipalities to adopt bylaws to help tenants facing eviction from redevelopment.

These changes are part of the broader set of local government changes that started in fall 2023 with Bills 44, 46 and 47 to help get more housing built faster while enabling updated and new tools to effectively fund the costs of infrastructure and amenities to support increased housing supply and growth. Those changes will result in fewer site-by-site rezonings, which many local governments currently rely on to secure key outcomes such as affordable housing, tenant protections, and site-level infrastructure. If passed, Bill 16 will provide authorities to local governments to secure these outcomes within a pro-active zoning framework.

Bill 16 will establish a new **Inclusionary Zoning** tool that allows local governments to require affordable housing in new development without relying on the rezoning process and to accept cash-in-lieu of affordable housing or affordable units on a different site by agreement. Local governments will need to undertake a financial feasibility analysis and consultation when developing Inclusionary Zoning bylaws to ensure that enough density is provided to offset the costs of providing affordable housing. They will also need to report annually on the outcomes of Inclusionary Zoning bylaws for transparency and to support provincial monitoring of implementation.

The **Density Bonus** tool will be updated to clarify how it is used and to help ensure it works effectively with Inclusionary Zoning. Financial feasibility analysis and consultation will now be required to ensure that Density Bonus provisions are achievable and calibrated to local conditions. The proposed legislation clarifies that local governments can accept cash-in-lieu of affordable units and/or units on a different site. It also clarifies use of Density Bonus authorities in Transit-Oriented Areas (TOAs).

By mid-2025 (or a later date prescribed by regulation) local governments will be required to update all existing density bonus bylaws to comply with the new legislation, and density bonus authorities will only be able to be used above the minimum allowable densities in TOAs.

Bill 16 will also provide municipalities with the authority to develop **Tenant Protection Bylaws** that are implemented at the development permit stage. Municipalities will be able to withhold development permits until owners meet the conditions of the tenant protection bylaws. In addition, municipalities will be able to request information about the effect of proposed redevelopments on tenants, which will give municipalities more data to design tenant protection bylaws.

Lastly, Bill 16 proposes new authorities for local governments to secure site-level infrastructure to service new development without relying on the rezoning process. These changes will give local governments clearer authority to require **works and services** for infill developments (i.e. at the building permit stage). As well, the legislation provides local governments with an expanded list of works and services they can require, including, for example, benches, street lamps, parklets, and sustainable design features like rain gardens. Local governments will also be able to require developments provide land adjacent to developments for new or upgraded roads without subdivision to support alternative transportation, accessibility and safety (such as wider sidewalks, bike lanes, and street trees). The legislation also gives local governments a new authority to define and require **Transportation Demand Management** measures within new developments, which can include, for example, charging stations or secure bicycle parking facilities.

.../3

Their Worship Barbara Roden
Page 3

If Bill 16 is passed, local governments can use the capacity funding distributed in January to adopt these new tools.

The Province will continue to engage and collaborate with local governments to support implementation of the new legislative tools and requirements. Later this year, we will provide guidance for adoption of the new authorities: Inclusionary Zoning and Density Bonus, Works and Services and Transportation Demand Management, and Tenant Protection Bylaws. In the coming months, we will also be providing further guidance to support the implementation of the fall 2023 legislation, including guidance on the Interim Housing Needs Reports and comprehensive guidance on the development finance tools.

I appreciate all the work being undertaken to transition to a pro-active zoning planning framework and to help get more homes built for British Columbians.

Sincerely,

Ravi Kahlon

Launch of spring COVID-19 vaccine boosters marks end of respiratory illness season

April 8, 2024

Starting Monday, April 8, 2024, people in British Columbia will have access to a free spring COVID-19 vaccine booster to maintain and extend protection for themselves and their loved ones against serious illnesses from COVID-19.

The spring COVID-19 booster will be available throughout the province at pharmacies, regional health-authority clinics, some primary-care offices, and community health centres. This spring vaccine remains free and available for everyone six months and older.

Given the decreased rates of viral respiratory infections in the community, additional infection prevention and control measures implemented in fall 2023 in health-care settings are no longer required at all times. People are still encouraged to wear masks in health-care settings as appropriate, to continue to cover coughs and stay away from others when feeling sick. Health-care workers will continue to wear appropriate personal protective equipment, such as masks and respirators, in accordance with their point-of-care risk assessments.

While the peak of the respiratory illness season has passed, the SARS CoV-2 virus continues to circulate at lower levels in the community. The protection from infection that COVID-19 vaccines provide decreases over time, particularly in older people, so a spring COVID-19 vaccine booster will ensure people stay protected.

Aligned with advice from the National Advisory Committee on Immunization, B.C. health officials recommend the following people consider receiving an additional dose of the XBB.1.5 COVID-19 vaccine:

- Adults 65 and older
- Indigenous adults 55 and older
- Adult residents of long-term care homes and assisted-living facilities (including those awaiting placement)
- Individuals six months and older who have been diagnosed as clinically extremely vulnerable (a CEV 1 or CEV 2 condition)

B.C.'s COVID-19 spring program is focused on providing vaccines to those most at risk of severe COVID-19 illness or complications, and people who have not yet received an updated vaccine dose. However, anyone who feels they would benefit from an additional dose of the XBB.1.5 COVID-19 vaccine can contact the call centre at [1 833 838-2323](tel:18338382323) to book an appointment or walk into a pharmacy where the vaccine is available. Vaccine appointment capacity is available in all regions.

The 2023-24 respiratory illness immunization campaign was launched to the general population on Oct. 10, 2023. As of end of day March 31, 2024, B.C. had administered 1,457,246 doses of COVID-19 vaccines and 1,562,023 doses of influenza vaccines.

Quick Facts:

- Invitations will start going out on Monday, April 8, 2024; reminders will be sent out to those who have not yet received an XBB.1.5 dose and to those who fit the listed categories.
- There are approximately 3.9 million people in B.C. who have not received a COVID-19 XBB.1.5 vaccine.
- B.C. has more than 900,000 doses of Moderna and Pfizer COVID-19 vaccines (adult, infant and pediatric) in stock and approximately 13,000 doses of the Novavax COVID-19 vaccine in stock for those requiring a non-mRNA vaccine.

Board Welcomes New Trustee

At its April 2 Board of Education Meeting, Connor Thomas took his oath of office and joined the Board. The Board extends a warm welcome to Connor and look forward to working with him. **Watch for Connor's bio and picture next month!**

Bringing Outdoor Learning into the Classroom: The land came to the classroom in the first week back in school after spring break when chicks and a rescue chicken were brought in for a visit to Sara Ferguson's Kindergarten classroom at Cayoosh Elementary School. These young learners got to meet chicks and a chicken from the farm of our Seamless Day Kindergarten staff member's farm, Denika Hoegler. Learning about how chicks grow and how farmers take care of the chicks from egg to chicken piqued the curiosity of the children. Students were very gentle and respectful of the feathered friends brought into their classroom and they had many questions about their visitors! The activity promotes compassion, curiosity, and experiential learning.

Michelle Stoney, Artist in Residence: Starting April 2, 2024, Desert Sands Community School has been sponsoring Michelle Stoney, as an artist in residence. Michelle was raised in the Gitksan territory, in the house of Delgamuukw and graduated from Emily Carr University. She is an gifted acrylic painter, jeweler, sculptor and muralist. During her two week residence at DSCS, she is working with all students, kindergarten through grade 12, to complete a Northwest Coast Formline inspired piece of art. She will also be working with small groups of art-focused high school students to complete a mural on the exterior of the school. This is an amazing opportunity to expose our students to accomplished artists and role models.

To British Columbia Municipalities

Dear Mayor and Members of Council:

Re: Support for Resolution Black Bear Cub Conflict Response by British Columbia Conservation Officer Service

At it's Regular Meeting held on Monday, February 26, 2024 the District of North Vancouver Council unanimously passed the following motion:

RECOMMENDATION:

THAT the Union of British Columbia Municipalities resolution Black Bear Cub Conflict Response by British Columbia Conservation Officer Service is supported for Lower Mainland Local Government Association consideration:

WHEREAS *the British Columbia Conservation Officer Service currently can independently decide how to handle black bears and cubs in conflict situations, without the oversight of an independent external public board;*

AND WHEREAS *there is no mandate for orphaned black bear cubs to be taken to a Wildlife Sanctuary for health assessment and treatment by a qualified wildlife veterinarian, and be the sole authority to perform a humane euthanasia of black bear cubs if needed.*

THEREFORE BE IT RESOLVED *that the Union of British Columbia Municipalities request the Province of British Columbia to initiate changes to the British Columbia Conservation Officer Service, Human-Black Bear (Single) Conflict Response Guideline, to include a review of actions through an independent civilian-led oversight board, orphaned bear cubs to be transported to a wildlife sanctuary for health assessment of cubs by qualified wildlife veterinarian, for treatment or euthanasia, and an audit done by the Solicitor General on the British Columbia Conservation Officer Service actions, policies and procedures.*

We are anticipating that this will be considered at the upcoming Lower Mainland Local Government Association's Annual Conference, and we would appreciate your support.

Sincerely,

Mayor Mike Little
