MEMO

DATE: July 25, 2022
FROM: Daniela Dyck, Chief Administrative Officer
SUBJECT **OCP and Zoning Amendment Application**

PURPOSE:

To meet legislated requirements S. 464 of the Local Government Act. *“At the public hearing, all persons who believe that their interest in property is affected by the proposed bylaw must be afforded a reasonable opportunity to be heard or to present written submissions respecting matters contained in the bylaw that is the subject of the hearing.”*

BACKGROUND:

The property owner of 100 Barnes Rd. has applied for a OCP and Zoning amendment to redesignate the property from low density residential (R1) to medium density residential (RM1). The property is currently zoned R1 and has a “grandfather” clause attached as legal non conforming. Under the new mortgage guidelines, the “legal non-conforming” clause restricts financial institutions from providing mortgages for the property.

In consultation with the TNRD Planning Department the property owner has met all requirements that eliminate risk to Council if the redesignation is granted. The property owner has completed a home inspection, fire code inspection and the dwellings have received a sealed report by a Professional Engineer/Architect certifying that life-safety codes are met. The home inspector, fire chief and architect agree that the dwellings are safe with one caveat which is replacement of front steps and hand rails compliant to BC Building Code 2018. These must be installed at the earliest convenience. A contractor has been confirmed; however, the work will be delayed for some time as the contractor has other current commitments.

Process for the Zoning and OCP redesignation requires MOTI referral as the property is within 800 metres of a designated highway. The referral package was forwarded to MOTI and was returned to the Village with MOTI stating “no objection” to the OCP and Zoning amendments.

The Public Hearing is the final legislated requirement prior to Council moving forward with OCP and Zoning Amendment Bylaw process for adoption.

Respectfully Submitted by:

Daniela Dyck,
Chief Administrative Officer
