	<p>Terry thanked Council for the opportunity to present, noting she will also be providing updates to neighbouring communities in the coming weeks. She explained that today's presentation would focus on giving a brief overview of the role and work of the Film Commission.</p> <p>Purpose & Role</p> <ul style="list-style-type: none"> • One of seven Film Commissions in BC, TNFC exists to welcome and support film production in the region. • Acts as the ambassador for the film industry, helping connect communities, property owners, and filmmakers. • Provides information to residents and businesses interested in becoming film locations. <p>Economic Impact</p> <ul style="list-style-type: none"> • In 2023, the region saw an estimated \$9.75M in direct film industry spending. • Activity slowed due to global strikes, but the Commission continues to attract interest. <p>Notable Productions</p> <ul style="list-style-type: none"> • <i>Sugarcane</i> (Oscar-nominated) was partly filmed in the area. • <i>An Unfinished Life</i> which was filmed in Ashcroft, recently celebrated its 20th anniversary. • Other films and shows have highlighted the region, though productions are often confidential until they are ready to announce. <p>Recognition & Outreach</p> <ul style="list-style-type: none"> • TNFC has been recognized three years in a row as a Top 10 place to live as a filmmaker. • The region's "Movie Map" is among the Top 10 most-visited attractions. • Attended the American Film Market in Las Vegas to promote the region. • Hosts monthly networking events for industry professionals and learning opportunities about film-making. <p>Recent Initiatives</p> <ul style="list-style-type: none"> • Investing in quieter "whisper" generators to address noise concerns from past productions (e.g., <i>Twilight Zone</i> filming complaints). • Comment was made that Ashcroft did receive several noise complaints due to generator noise during the filming of the <i>Twilight Zone</i> <p>Policy & Community Readiness</p> <ul style="list-style-type: none"> • A question was raised about whether film producers prefer communities with clear bylaws or policies in place. Discussion – Good Neighbour Bylaw, Section 10.2

Provided the following feedback as a licensed pesticide applicator:

- Clarification provided that herbicides are considered pesticides.
- Distinction noted between broadleaf herbicides and insecticides (e.g., diazinon, carbaryl).
- Emphasis on the need to differentiate between runoff (irrigation) and drift (wind).
- Recommended wording changes:
 - Specify that only licensed applicators may apply pesticides.
 - Use the term "chemical pesticides."
 - Amend "No person shall..." to "No unlicensed individual shall..."
- It was also noted there is a grey area when pesticide use may be beneficial for pest control in public spaces.
